GENERAL INDEX

TO THE TEN VOLUMES.

[NOTE.—AN INDEX OF NAMES is at the end of each Volume.]

The design of this Index is to facilitate the labors of Genealogists and Town Historians. To obtain all the facts contained in the *ten volumes*, relating to any name or town, the REVIEWS or BOOK NOTICES should first be examined, as they show what works have already been published. Genealogists should also consult Biographies, Arms, Autographs, and Obituaries.

Wherever the month and volume are given in connection with a genealogy, there will be found an account of the family *in extenso*; but when the page and volume occur, a more brief notice may be expected.

The volumes are numbered from 1847, which is the first.
